## First every single time

### Girls first 200 yard freestyle relay remains undefeated

They have never lost. The girls' 200 yard freestyle relay team did not lose a single race this season. From their first dual meet against Blackford to sectional finals, the girls couldn't be stopped.

"Being a member of such a successful relay for four years has been an amazing experience. There is tradition behind that relay, and having the chance to extend it has been so much fun," senior Brittany Sheffield said.

This year's team of Kaitlin Kerrigan, Brittany Sheffield, Anne Tinder, and Heidi Bryant continues a three year legacy for the relay. Freshman

Kaitlin Kerrigan replaced her sister as the team's fourth this year.

"I think taking my sister's place is hard to do, but I'm going to try my best to fill her shoes. I love carrying on the tradition," Kerrigan said.

By winning sectionals, the team is eligible to advance to the state competition.

"Having a fast relay is always an accomplishment, but having one that has gone to state for four years and is undefeated at sectionals and in season feels unreal. It's a good feeling to know that we are good enough to compete at the state level," senior Bryant said.
